DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE
COLLEGE OF ARTS AND SCIENCES

CSCI 496/497 Capstone Project Contract

Title of Project:

Supervisor:

Student(s):

Brief Description of Project:

List of Specific Tasks to be completed:

By signing below, I agree that:

- The requirements for the project are to be fulfilled according to the calendar set forth by the Computer Science Faculty

- Changing projects or groups will not be permitted

- A final grade of "Incomplete" is not allowed for either of CSCI 496 or CSCI 497.

- Grades for CSCI 496 will be determined based only on the work done during that course; likewise, grades for CSCI 497 will be determined based only on the work done during that course.

- A passing grade in CSCI 496 is a prerequisite for enrollment in CSCI 497.

- All code will be submitted to the project supervisor and course instructor prior to the final presentation.

- Failure to meet any of the course requirements will result in a grade of F.

- Different members of the team might earn different grades for the course.

- All of the instructor's decisions regarding grades are final.
