Midterm 1 Information

- The first midterm will be on Friday, 24 Feb 2006, from 1:10–2:00 p.m.

- This exam is closed book and no calculating devices of any type will be allowed. You are allowed, however, to prepare in advance *the back of this page* with whatever notes you wish to place on it, and you may use this page during the exam. When the exam is over, submit this sheet with the rest of your exam.

- The exam will cover all lectures, readings, and assignments up to and including the lecture on Friday, 17 Feb 2006. (please see the class schedule for exact coverage)

- Typical topics for examination might include object-oriented principles, C++ language issues, use of abstract data types introduced in class (e.g. Stack, Queue), simulating code fragments, writing small code fragments.
