

## Midterm 1 Information

- The first midterm will be on Friday, 9 March 2007, from 2:10–3:00 p.m.
- This exam is closed book and no calculating devices of any type will be allowed. You are allowed, however, to prepare in advance *the back of this page* with whatever notes you wish to place on it, and you may use this page during the exam. When the exam is over, submit this sheet with the rest of your exam.
- The exam will cover all lectures, readings, and assignments up to and including the lecture on Friday, 2 March 2007. (please see the class schedule for exact coverage)
- Typical topics for examination might include our general transition to the C++ language, simulating code fragments, and writing small code fragments.
- **Please Note:** I will be traveling, leaving town immediately after class on Wednesday, March 7th and returning the following week. I will not be able to hold usual office hours that Wednesday and if you have any questions about preparing for the exam, please make sure to ask before my travel.
