

Midterm Information

- The midterm will be on Thursday, 5 March 2015, from 11:00am–12:15pm.
- The exam will cover all lectures, readings, and assignments up to and including the class on Tuesday, 24 February 2015. (please see the class schedule for exact coverage)
- The exam is closed book, however you may prepare in advance the back of this page with whatever notes you wish to place on it, and you may use this page during the exam. When the exam is over, turn in this sheet with the rest of your exam.
- This exam is entirely pen-and-paper based. You may not use the computers nor any other calculating devices.
- As a pen-and-paper exam, questions will generally cover knowledge and use of Processing's syntax and techniques. Typical questions might ask you to identify errors in existing code, to sketch the result that is produced by existing code, or to write small code fragments that produces a desired result.

More general questions might involve concepts such as color representations, coordinate systems, and pixel-based imaging.
